CS 2033

Multimedia and Communications II

Assignment 1

Restaurant Theme

Overview

You are creating a brand new restaurant and it's up to you to decide what kind of restaurant it will be and all the details about it! You must come up with a name for the restaurant, the location (anywhere in Canada), a general description of the kind(s) of food being made there (pizza, sushi, Greek, Indian, Chinese, etc.), some of the dishes, and the fonts and colours that you want to use for the restaurant.

NOTE: Assignments 2 and 3 will build off this Assignment so make sure you take some time to think about these decisions now. You will have to create a menu in Assignment 2 and a website in Assignment 3, and they have to match the information you provide now in Assignment 1.

Submission

1. Answer the questions on the next page regarding your restaurant.
2. Upload the completed document as a **PDF** (not a Word or Notes file… export to PDF) to GAUL via FTP (WinSCP, FileZilla, etc.).
   a. Log in with the host name cs2033.gaul.csd.uwo.ca and your UWO login information. The port is 2033 and use SFTP protocol. If you are using FileZilla, you may need to include sftp:// before the host name.
   b. When logged in, create a folder in your root area on GAUL called "theme" and upload your PDF into the "theme" folder.
3. Verify that the file uploaded properly.
   a. Open the following link (replacing **username** with your Western username): http://cs2033.gaul.csd.uwo.ca/~**username**/theme/
   b. You should see your file there. Click to ensure it opens in the browser.
4. Submit the link on OWL.
   a. Navigate into the CS2033 Assignment 1 page in OWL.
   b. Copy the link to your "theme" folder into the submission text box (from Step 3a above)
   c. Submit the assignment on OWL. Do not just save it and leave. Ensure that it is submitted! Check your email right away and look for the automatic OWL email verifying your submission. Keep this email in case of any discrepancy.
